## THE SOVEREIGN BOND OFFERING

Issued by **The American House** | Backed by **Aurum Tyrannus**  
*Curated, Sealed, and Governed by Hon. Tyree J. Mason I, SPQR*

---

◆ Own the Flame. Hold Reality.

This is not a traditional bond. This is a sealed fragment of world-shaping art, technology, law, or governance—offered directly by the Architect of Cities, the Author of Codices, and the Sovereign of the Flame. Each bond is a rare and limited offering, backed not by speculation, but by **irrefutable works with proven metaphysical, geopolitical, and cultural impact.**

Each bond is denominated in **Aurum Tyrannus (AT)** — the exclusive sovereign currency of the Codex of Caserta, beyond fiat, beyond time.
