- **Silver Grey:** Technical innovation, systems integration, and cyber logistics.
- **Steel & Navy Blue:** Strategic transport, maritime/air operations, and stability.
- **Onyx Black:** Special operation funds and classified strategic channels.

FINANCIAL & LOGISTICS OPERATIONAL FRAMEWORK

The **Finance & Logistics Division** forms the core operational backbone of the 77th Innovation Command. By combining strategic financial resource management with next-generation supply-chain architecture, this division ensures continuous operational readiness and rapid equipment deployment across all active theaters.

FINANCIAL OPERATIONS

Manages command-level budgets, emergency procurement protocols, rapid funding channels for field innovations, and financial accountability across operations.

LOGISTICS & SUPPLY CHAIN

Coordinates distribution networks, advanced equipment modernization, high-tech payload delivery, and real-time asset tracking.
